Supplied in flat-pack format we can supply for every type of event. And with 9 size options available, from a single vendor up to a large multi-staffing hut for the serious large festival operator, we have the solution.

These striking stands can be fully branded in a client's corporate imagery and signage.

UNLIKE MOST MOBILE UNITS THAT TRADITIONALLY TAKE UP A LOT OF SPACE, BIG KAHUNA'S FLAT-PACK SOLUTION MINIMISES THIS PROBLEM.

Once assembled, the sturdy cart will accommodate the largest of coffee machines and other catering accessories with ease.

Whether used as a market stall or product stand, the big advantage

of our cart range is that they can easily be transported in a small vehicle or pallet box for courier solutions, ideal when moving between different venues and functions.

The Kahuna range of gazebos are renowned for being the best available marquee to withstand the UK weather conditions especially in the wind.

Designed specifically for the serious outdoor caterer, these are superior in quality and are built to last. Extra strong materials and secure fittings are a standard feature throughout our range and are the first choice for the professional caterer.

Safety and efficiency is at the core of the design.

And with limitless options available the Kahuna marquee range can be transformed into a fully operational pop up kitchen, creating endless menu options and accessories for the chef on the move.

With durability and safety built-in as standard, you can be assured that your marquee will not only stand the test of time, but will create the perfect catering presentation at any UK location.

CHALETS & KIOSKS A SECURE & PERMANENT SOLUTION

**OUR RANGE OF STURDY CHALETS ARE BUILT
TO LAST & WILL STAND THE TEST OF TIME.**

Constructed in solid timber and designed to be a semi-permanent or permanent structure, they will withstand any adverse weather conditions and are therefore extremely popular with festival organisers, Christmas markets and city centre council authorities.

The big advantage of the chalets is they can be left on-site for years

to come and you have the comfort of knowing that with the Kahuna build quality and security, peace of mind is built, as standard, into every model.

And in the case of the chalets these are also available to rent if required.
